| A  | ☆ A list with all available device types can be found on the Leuze website at www.leuze.com.                                                                                                                                                                                               |

### Notes

| Observe intended use!                                                            |
|----------------------------------------------------------------------------------|
| this product is not a safety sensor and is not intended as personnel protection. |
| Note that the product may only be put into operation by competent persons.       |
| ∜ Only use the product in accordance with its intended use.                      |
|                                                                                  |

#### For UL applications:

 $\$  Only for use in "class 2" circuits

\* These proximity switches shall be used with UL Listed Cable assemblies rated 30V, 0.5A min, in the field installation, or equivalent (categories: CYJV/ CYJV7 or PVVA/PVVA7)

#### Accessories
